

TECHNICAL DATA SHEET

SOLVENTBASED DEGREASER

Gerko solventbased degreaser is a universal degreaser for cleaning and degreasing all kinds of surfaces such as car paint, filler, primer, base coat, clear coat, metal, etc. This universal degreaser easily removes dust, dirt, grease, tar and also removes silicone.

To be used in combination with the Gerko degreasing cloths OD10.

PROPERTIES

- Powerful degreaser
- Not aggressive for sensitive paint surfaces
- Cleans the surface and removes all silicones

PHYSICAL PROPERTIES

Code	Description	Format	Pieces per pallet
OS05	Solventbased degreaser 5 L	5 L	126
OS25	Solventbased degreaser 25 L	25 L	24

APPLICATION CONDITIONS

Apply the degreaser to the Gerko degreasing cloth OD10. Rub the cloth with degreaser on the surface to clean it. Get a second degreasing cloth that is clean to rub out the degreaser.

NOMINAL VALUES

Density (15°C)	0,755 – 0,765 kg/l
Refractive index (20°C)	1,415 – 1,423
Flash point	min. 24°C
Distillation range	
IBP / DP	min. 130°C / max. 166°C
Solubility in water (20°C)	Insoluble (<0.1%)
Evaporation rate (BUTAC = 100)	35
